Mr. Flint has had some experience in a mercantile way, having been one of the now dissolved firm of Westcott, Flint and Boyce, who ran the old Eastman store on North Main street. The reason which he is using was particularly desirable for use as a store, as it had been formerly used as a millinery store.

### The Cost of Roofing

Figure the cost of roofing by its cost per year's service and not by its price per package. The kind of roofing that you want is the kind that's easiest to lay, that lasts the longest and takes the least labor to keep in repair. That roofing is Ruberoid.

## RU-BER-OLD ROOFING—SHINGLES

are manufactured under methods that enable The Ruberoid Co. to turn out the best roofing products possible to make—and they are the pioneer in the ready-roofing field.

But remember—you cannot tell how long a roofing is going to last by looking at it. It is easy to make a roofing of cheap material that looks just

like Ruberoid but it will not wear like Ruberoid. So don't be influenced by "looks" or "feel" but buy the roofing that you know is going to give you honest service for the money that you pay.

Phone us today for samples and prices. We have a stock of Ruberoid ready for your needs.
